

19 October 1960

MEMORANDUM FOR: Chief, Chapter I Task Group

SUBJECT: NIS Chapter I Schedule for FY 1962

REFERENCE: Your memorandum dated 17 October 1960, subject  
as above

1. The subject Chapter I production schedule has been reviewed in relation to the proposed Chapter IX schedules and forecast for FY's 1962-64 now in the hands of the NIS Committee.

2. With one exception the Chapter I schedule outlined does not conflict with Chapter IX planning. In the case of NIS 33<sup>M</sup>, however, the schedule would require the preparation of the Section 19 about 6 months before the contributions to the Chapter IX for the same area are due. So that the research for the Section 19 and the Chapter IX can be done simultaneously, we suggest that the Chapter I for NIS 33<sup>M</sup> not be scheduled before FY 1963.

3. The placement of Chapter I for NIS 18<sup>M</sup> also requires the preparation of the Section 19 before the maintenance on the Chapter IX is completed. In this case, the time lag is very great and it is recognized a change may be impracticable. It is requested, however, that the matter be reviewed on the chance that there may be means of correcting it.
